

School Gardeners:

The School systems here on Martha's Vineyard are so lucky to provide children with amazing opportunities to grow. Many schools have their own gardens, but it can be tough to keep them maintained over the summer break. We are looking for school garden crew members to help upkeep school gardens across the island! There are gardens at Tisbury, West Tisbury, Chilmark pre-K & k-5, Oak Bluffs, MVRHS, MVPCS, Vineyard Montessori, Island Children's School, MVCS, Rainbow Place, OB Project Headway, WT Project Headway, First Light, and Plum Hill.

- Tasks:
 - Maintenance of the gardens include weeding, watering, and general upkeep.
 - Orientation to your garden will be given when you start, afterwards you will work independently by yourself or with your team.
- Skills:
 - Basic gardening knowledge.
